Schedule a Personal Research Visit to the T. W. Phillips Memorial

Our facility is known as a place of hospitality as well as place of research and learning. You are welcome to research in our collections in person. This form is designed to ensure that you receive the best possible personal research assistance by alerting DCHS staff to your needs and by helping you, the researcher, to understand the types of information required for an effective and fruitful search.

To ensure that our archives are available and serviceable for researchers in the future, there are restrictions in place for their use and handling. Please familiarize yourself with our usage policy, regulations for our reading room and research policies and fees, available on our website.
